Following this powerful event, our team has taken the initiative to produce a **documentary** capturing the essence and message of the Chemmani Uprising, organized by Behind Me. Furthermore, it will be shared publicly in both **Tamil & English** through media channels.

Together with you the people we at Behind Me Foundation & Media are fully committed to continuing this fight until **justice is served** for every soul unearthed from the mass graves of Chemmani.

Attached to this letter is the **financial report** for the Chemmani Uprising held on July 26, 2025. The report will also be made available on our website at **behindme.ca** in the coming days.
